## The heart of Mountain Snowmobiling

Revelstoke is the heartbeat of BC's mountain sledding scene. With a traditionally long riding season and terrain that can be beginner friendly or challenge even the most seasoned rider, the stoke here is undeniably real!

Since 1968, the Revelstoke Snowmobile Club has been uniting riders and shaping the Monashee and Selkirk ranges into a premier sledding destination. Explore our 2 managed riding areas, Boulder Mountain and Frisby Ridge which feature everything from family friendly groomed trails to expansive bowls and jaw dropping valley views. Or step outside the norm and explore one of the 9 additional unmanaged riding areas each with their own flare.

Revelstoke is more than just the ride, it's a vibrant community with deep roots and an authentic local vibe that will bring you back over and over again.

## Our Mission

To create your best backcountry experience

## Our Values

Sustainability - Retaining and expanding backcountry areas by fostering positive relationships

Community - Positive influential community contributors with a strong and diverse membership

Accountability - Transparency and integrity in all that we do

## Rec Sites & Trails BC

We collect fees for recreating on public land through our partnership agreement with Rec Sites and Trails BC. Daily Trail fees collected are spent primarily on grooming, wages, infrastructure & trail maintenance, waste removal and professional fees and insurance.

New investments in equipment, infrastructure, or initiatives outside of our two managed areas are funded by memberships, corporate sponsorships and donations.

Recreation Sites  
and Trails BC

# MEMBERSHIP

## What it means to be a member

Purchasing a membership not only grants riders complementary access to our groomed trail networks but also includes their membership to the BCSF which advocates for the sport in British Columbia and provides additional discounts on insurance etc. Your membership is a contribution to the future of the club and the sport we love so much!

Members are also invited to share ideas and get involved at our members meetings where we put membership led initiatives into action for the betterment of everyone who comes out to experience this snowmobiling mecca.

### PRESEASON (until Nov 30) Everything Included

<b>Family</b>	\$525
<b>Primary Adult</b>	\$285
<b>Local Adult</b>	\$285
<b>Youth (16-18)</b>	\$110
<b>Youth (under 16)</b>	\$60
<b>Senior (65+)</b>	\$90

### REGULAR (after Dec 1) PLUS GST + 2% admin fee

<b>Family</b>	\$625
<b>Primary Adult</b>	\$375
<b>Local Adult</b>	\$285
<b>Youth (16-18)</b>	\$150

<b>Senior (65+)</b>	\$100

**Daily Trail Fees** \$30

**Punch Passes are also available**

Join us! Visit <https://sledrevelstoke.com/membership/>

# OPERATIONS

## A Day in the life of the RSC

Curious to about what it takes to run BC's largest snowmobile club? Check out a Day in the Life of the RSC, a short film by Let's Ride BC.

<https://sledrevelstoke.com/a-day-in-the-life-of-the-rsc/>

## Grooming is our business.. literally!

We aim to bring our riders the smoothest trails possible. Grooming occurs 7 nights a week. Grooming is best done at night because this allows the trails to "set up" and be firmly packed for use the next day, the cooler temperatures and limited traffic are ideal conditions for trail grooming.

If you don't see us on the trail just know we are working hard behind the scenes. What can you do to help? A consistent throttle is best . Keep in mind that warm and low snow conditions are the most challenging for maintaining quality trails.

You'll most likely see us out there on busy Fridays and Saturdays, just remember to be cautious and courteous when approaching those tighter corners. The next time you see operators on the trail, remember to wait for them to see you, signal for you to pass and give them a waive of gratitude!

You can check out our grooming schedule online to see when your favourite trail was last groomed.

## Conditions Permitting our grooming schedule is:

- 7 nights a week
- Friday and Saturday afternoons

# EVENTS

## 2024-2025 Season Events

Looking to get involved in our events on a deeper level? We offer great incentives such as credit towards club purchases, good vibes and of course, lunch! <https://sledrevelstoke.com/volunteer/>

## MEMBERSHIP DAY

**Saturday , November 30th, 2024**

This early season event is all about our members, including a mechanical demonstration, connecting with Avalanche Canada, a bonfire and a free burger and beverage for members. This is also the last day of early bird pricing!

## ANNUAL FAMILY DAY

**Saturday, February 15, 2025**

This is our traditional Family Day celebration at our Boulder Cabin, anyone who registers as a family gets their daily trail fee waived for the day. We will have a toboggan hill, groomer rides and a kids' skills course at the cabin. This is a day of low key family fun!

**Monday, February 17, 2025**

We are hosting a community Family Day celebration at the lower Boulder Parking lot. There will be a toboggan hill, groomer rides, a bonfire and more!

## VINTAGE RIDE

**Saturday, March 8, 2025**

Our most popular event, shine up those vintage sleds and take them on the trek up to the Boulder Cabin. We will have bingo stops along the way to add to the adventure. Burgers, a drag strip and good times with family and friends await!

# RESPONSIBLE RECREATION

A portion of the funds received through memberships and day passes is directed to the British Columbia Snowmobile Federation (BCSF), who advocate for organized snowmobiling in BC. They provide assistance and meet with various levels of government to support BC clubs helping to maintain access to the terrain we love to ride.

When you purchase an RSC membership we purchase a BCSF membership on your behalf which comes with discounts on insurance, accommodation and more. Find out at <https://bcsf.org/cpages/clubs>

## SNOWMOBILER CODE OF ETHICS

As a responsible snowmobiler I will:

- Ride in a manner that is a credit to our recreation.
- Influence other snowmobilers to adhere to this Code of Ethics.
- Respect the rights of others, including property owners and other outdoor enthusiasts.
- Protect and preserve our natural environment.
- Ride in a responsible manner and respecting other user groups.
- Not harass or harm wildlife or the natural surroundings.
- Minimize my impact on the environment.
- Ride smart, be prepared, and stay in control.
- Check avalanche and weather conditions before riding
- Help those in distress.
- Obey all laws and rules governing our recreation.
- Promote proper snowmobile education and training.
- Practice Zero Tolerance with respect to impaired riding.

CANADIAN COUNCIL OF  
SNOWMOBILE ORGANIZATIONS

Please understand and accept the risks associated with snowmobiling and take responsibility for your actions.

# SAFETY FIRST

The majority of our riding is in the backcountry, remember to check the Avalanche Canada for current conditions and ride accordingly.

## SAFETY ITEMS

- Avalanche Transceiver, Shovel, Probe
- Avalanche Airbag
- First Aid Kit
- Two-way radio
- Satellite communication device
- GPS device or compass
- Food & water
- Extra clothing
- Flashlight
- Pocket knife & saw
- Spare goggles & gloves
- Toque and balaclava
- Fire Starter
- Survival kit
- Tool kit, spare belt, extra key
- Tow strap, nylon cord
- Whistle, mirror, & signal flare

## REVELSTOKE SEARCH & RESCUE

- Make responsible decisions so that you go home every night.
- Know your limitations. If you don't know the terrain, don't follow the tracks.
- Let someone know where you're riding, and when you're expected back.
- If lost or in case of emergency, call 911 immediately. Do not wait until dusk.
- Bad weather and avalanche conditions impact rescue attempts.
- RevSARs mandate is to rescue the individuals, not your equipment.

RevSAR is a volunteer organization on call 24 hours a day, they can be reached by dialing 911

**For avalanche forecasts visit [avalanche.ca](http://avalanche.ca)  
or scan the QR code**

# UNMANAGED AREAS

PHOTO CREDIT VVAN DANN

## WHY ARE SOME AREAS UNMANAGED?

Revelstoke is the mecca for mountain sledding. We have 2 well managed areas where we provide groomed trails, Frisby and Boulder. We offer trails for riders of all skill levels and various safety features including signage, maps and warming huts. Traditionally there are other riding areas in the Revelstoke region that are not managed by the Club and are un-groomed. As Revelstoke grows in popularity the Club will be looking to expand into other riding areas. In the meantime we hope that our ridership continues to explore and enjoy these areas while also understanding that the riding is very remote, extreme and only for the experienced rider group.

### SALE MOUNTAIN

**EXTREME**

Located 20 km north of Revelstoke on Highway 23, Sale is a local's favorite. Parking is extremely limited, so please use caution. The un-groomed forest service road leads to the top of the mountain allowing for early and late season access to the alpine. Alpine meadows and steep tree riding offers something for everyone.

Please note there are park boundaries and a caribou closure.

### KEYSTONE BASIN

**EXTREME**

Keystone is another popular riding area located 50 kms north of Revelstoke on Highway 23. This high alpine country is best suited for advanced riders due to the complex terrain that must be navigated.

The Club manages a warming hut, be sure to pack out what you pack in and be respectful. Please note that in 2023 the Club was able to put in a parking lot and continues to plough it, please consider donating if you enjoy its use!

Please note there is a caribou closure.

### CARIBOU BASIN

**EXTREME**

Caribou Basin is a located approximately 100 km north of Revelstoke on Highway 23. This is well worth the drive. Great tree riding leads to two massive bowls. Caribou Basin is best suited for advanced riders as hazards must be navigated.

Please note there is a caribou closure.

## HALL MOUNTAIN

**EXTREME**

Located 40km South of Revelstoke on Hwy 23S, Hall has a little something for everyone. A large network of old forest service roads is a fun way to wrap your way around the mountain into the alpine. Alternatively, tight tree riding challenges those that want a quicker way to the top. Great for those Revelstoke socked in days.

Parking is limited.

## GRIFFIN

**EXTREME**

Griffin is located 24km West on Hwy 1 and is a great ride when the weather gets clouded in. The ungroomed trail leads to the upper cut blocks then through the trees into the alpine. Some of our best tree riding happens on Griffin.

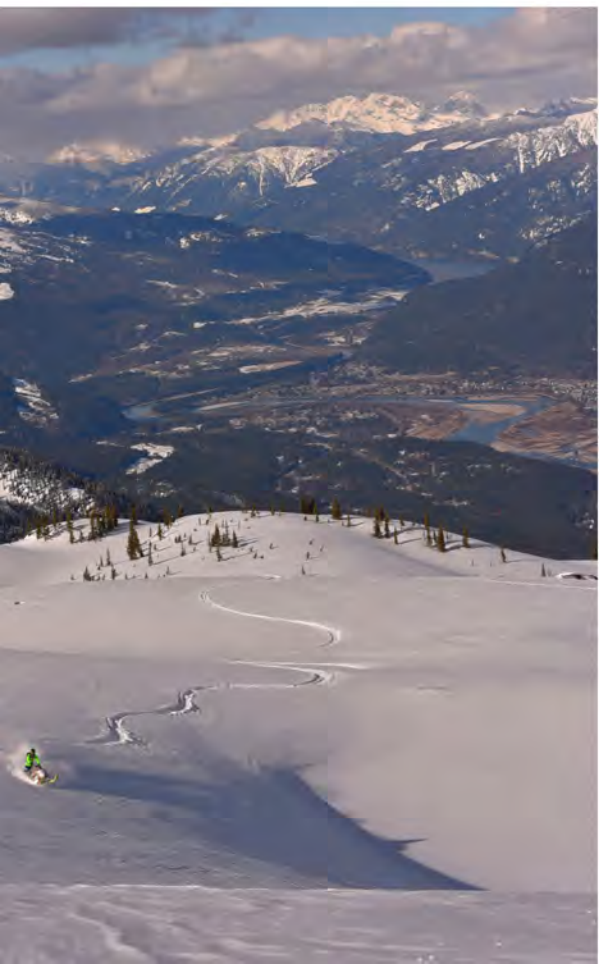

Please be aware of the ecological reserve in the area.

## WAP, BEGBIE, JOSS

**EXTREME**

Wap Lake Rd, like Griffin is 24km West on Hwy 1 and provides access to 150 kms of ungroomed logging roads which lead through the scenic Monashee Mountains. You can access Joss and Mt Begbie alpine areas from Wap Lake Rd.

## AREA 51

**EXTREME**

Located 50km on Hwy 23S take the turn off at Shelter Bay FSR, the distance from there depends on hauling operations. The long, ungroomed trail leads you to beautiful alpine riding. Be aware of the Monashee Provincial Park Boundary and respectful of the backcountry ski touring tenure that is in the area.

Parking is limited.

## MT. MCCRAE

**EXTREME**

Follow Airport Way south, on the east side of the Columbia River, to the end of the road until it is no longer plowed. Unload for some great riding on 75 km of roads which go on forever, or head into the trees to explore. Due to its high avalanche risk, this area is best suited to advanced riders.

\*Please note that operating a snowmobile on any ploughed Forest Service Road is illegal in BC

# BOULDER MOUNTAIN

## RATING: FAMILY-FRIENDLY - EXTREME

Boulder is Revelstoke's premier sledding area. It offers terrain for all riding abilities from open meadows to technical tree riding, rolling terrain and open bowls. Familiarize yourself with riding areas before you go as there is no cell service at the cabin.

The main staging area is at 4177 Westside Rd where you can also visit the Welcome Centre to purchase your membership or get information on trail maps, and trip planning.

Please note that Turtle is also accessible from the Kirkup trail, more information can be found online.

**Warm-up at the Boulder Cabin located at the end of Kirkup and Veideman trails.**

### GPS Coordinates

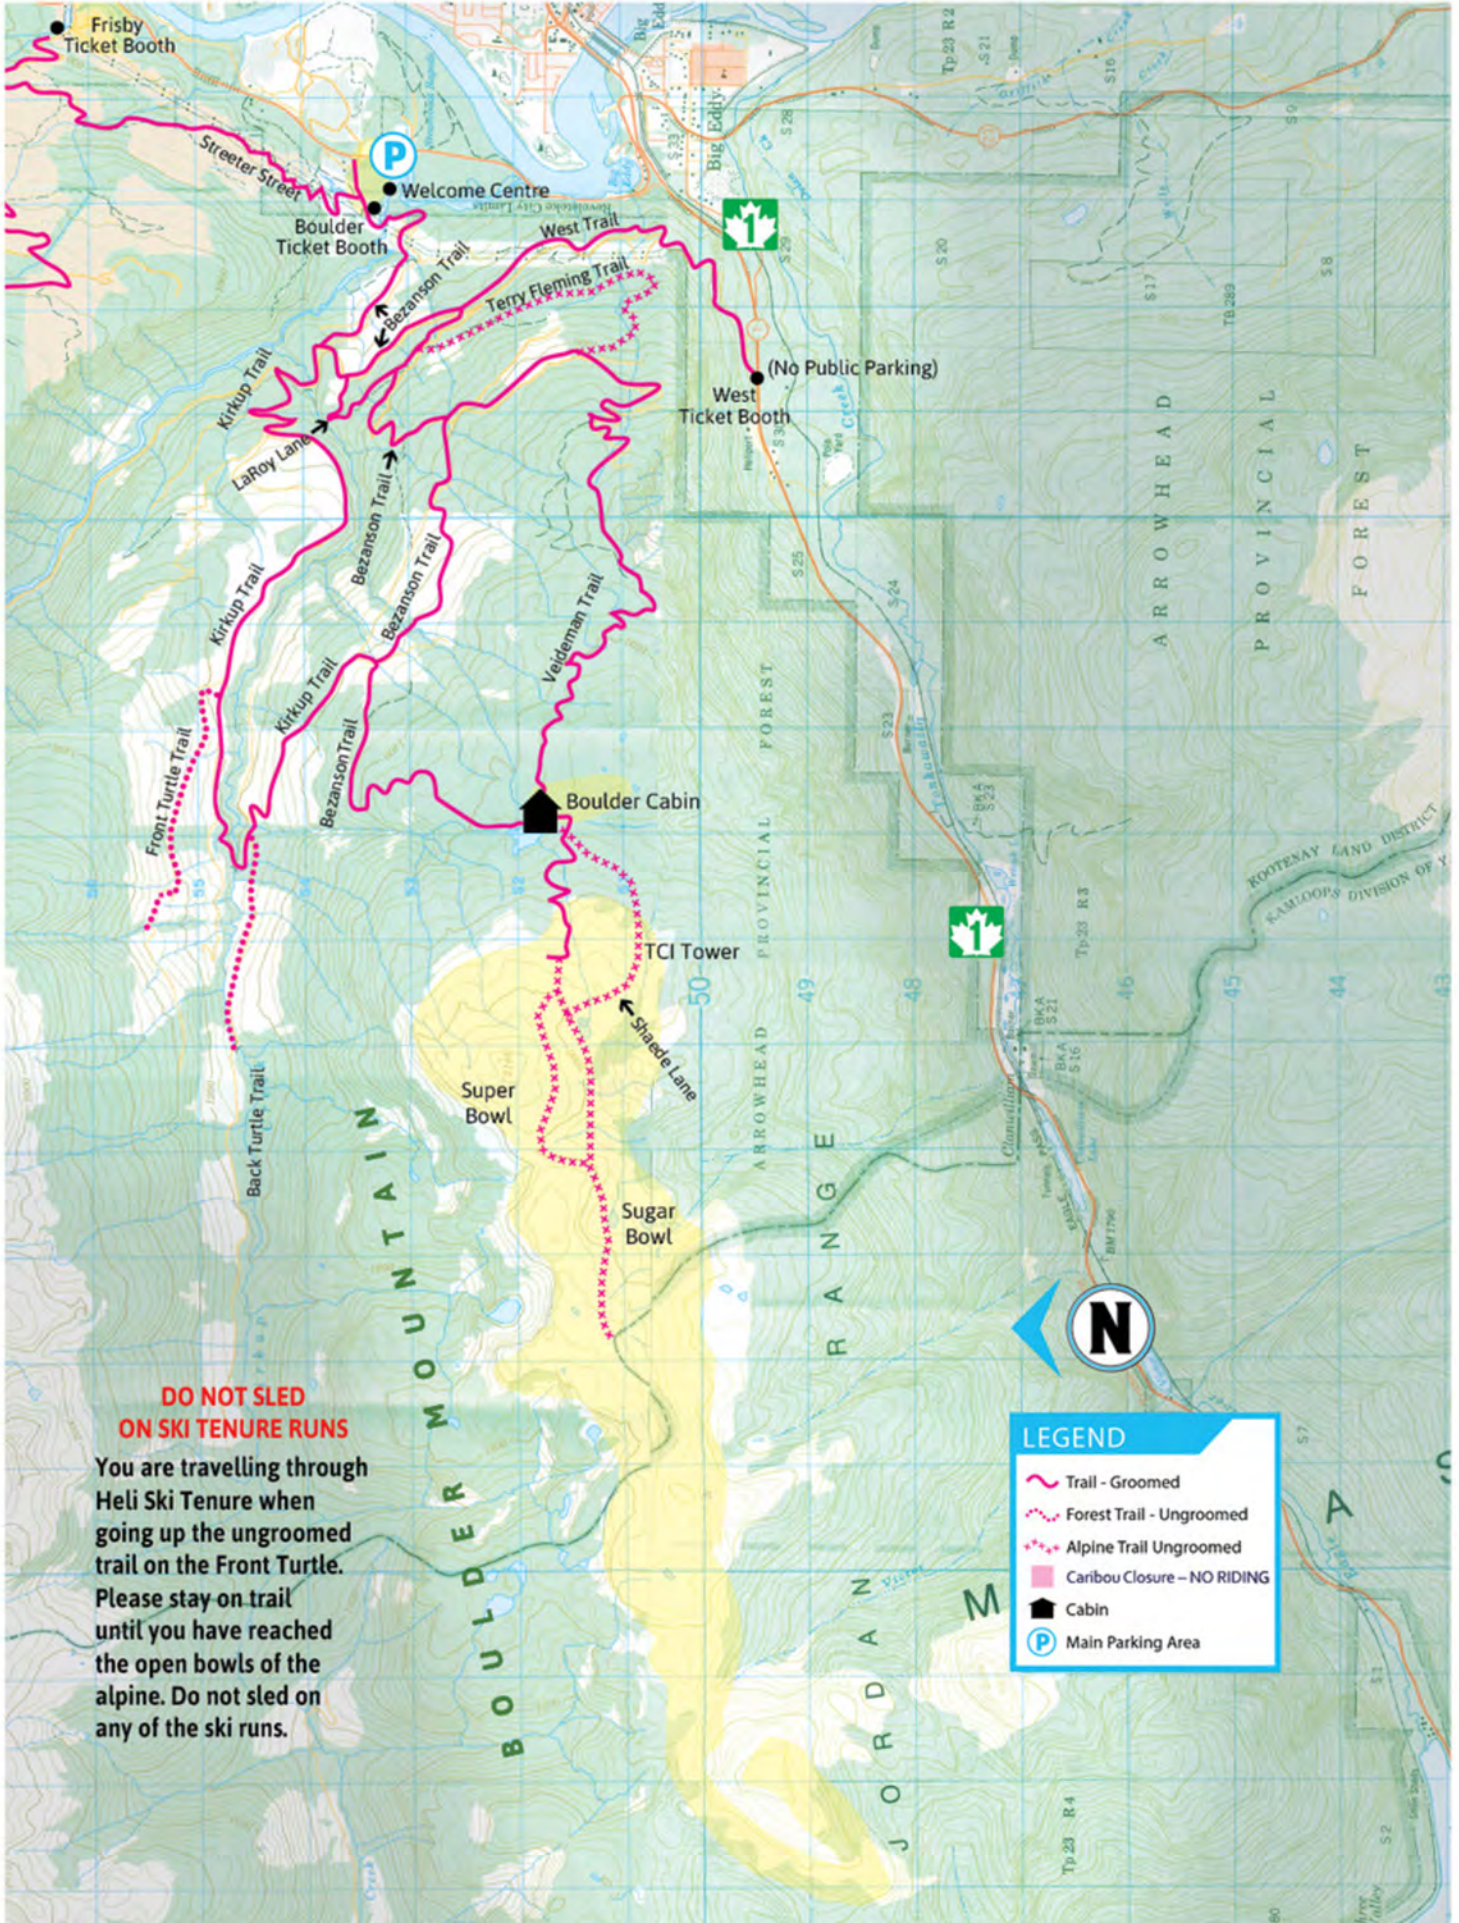

Boulder Cabin	51°00'46"N	118°19'35"W
Super Bowl	51°00'19"N	118°22'01"W

## YOU ARE IN THE BACKCOUNTRY

### BE PREPARED:

- Carry and practice with an avalanche transceiver, probe and shovel
- Have a trip planned and tell someone
- Understand and recognize weather patterns
- Learn how to read and navigate the alpine terrain
- Know the avalanche dangers
- Respect the wildlife closures
- Do not consume alcohol or drugs while riding

# FRISBY RIDGE

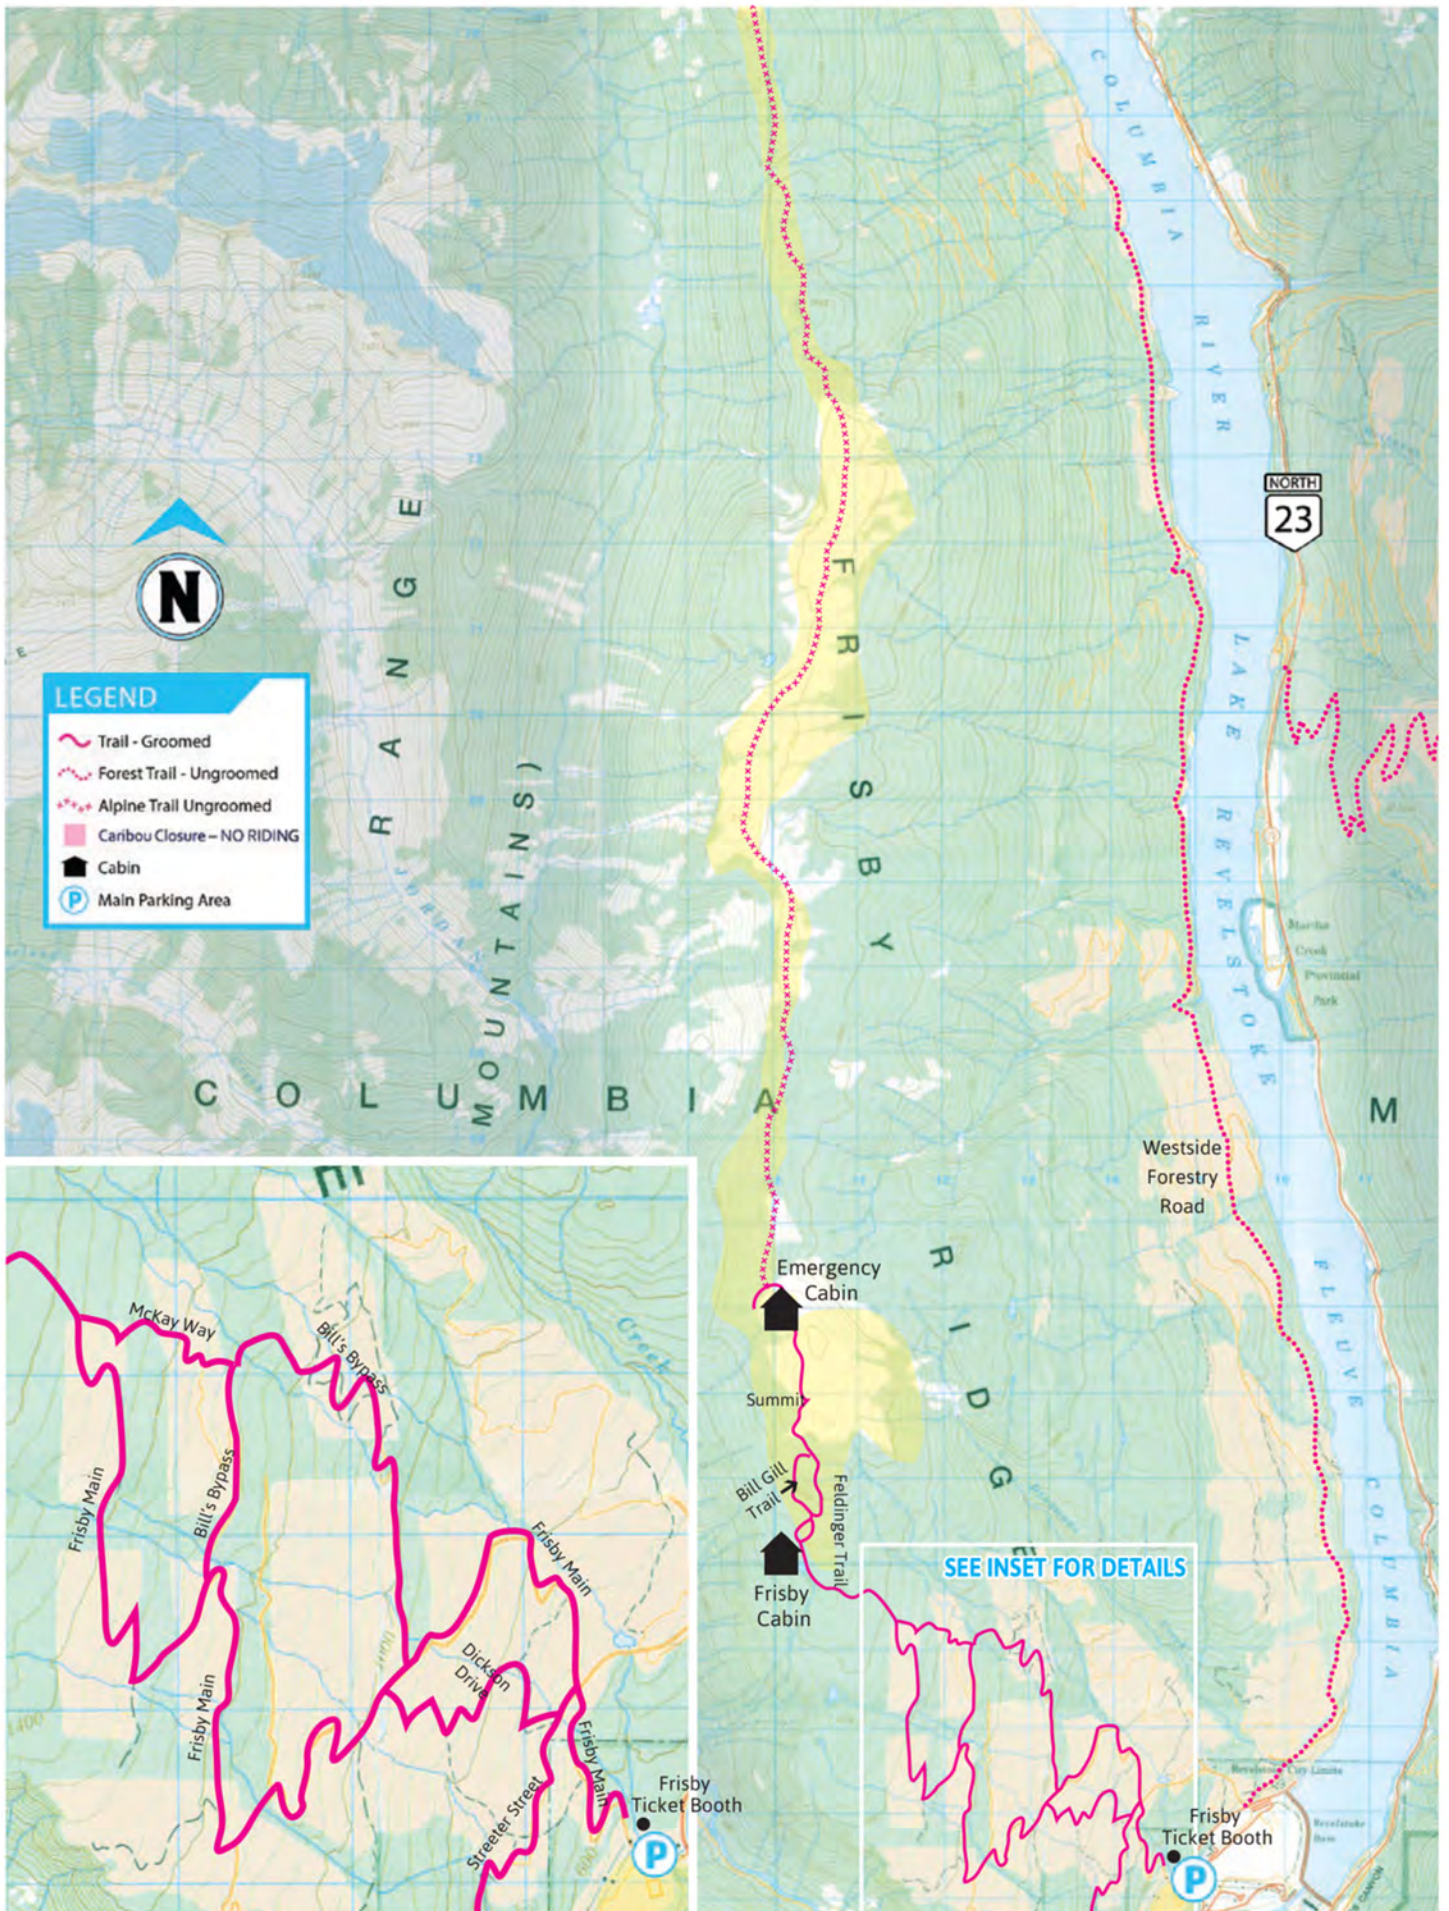

# FRISBY RIDGE

# FRISBY RIDGE

Photo: Unknown

## RATING: FAMILY-FRIENDLY- EXTREME

Frisby Ridge has gained popularity after the voluntary caribou closure was lifted in 2022. This closure was lifted with the help of the BCSF working at the provincial level, as well as the years of dedicated efforts by the RSC and its members to enforce this closure.

Frisby Ridge offers a variety of riding terrain from open meadows to great tree riding. The main staging area is located at the end of Westside Rd under the power lines, you can also ride Streeter Street (snow permitting) from the Boulder staging area. On a clear night, stop to enjoy the night view of the Revelstoke Dam and the City below.

**Sign in at the Feldinger Hut before heading out onto the ridge.**

**Altitude: 4500-6000ft**

### GPS Coordinates
